

STRONGER TOGETHER *Planting Pink*

The end of September, the TurnItPink family of supporters and survivors, along with the Herb Creek family are Planting PINK. We will spend the day educating, getting our hands dirty and potting baskets with all things PINK. Our goal with TurnItPink is to create awareness in things we do everyday and in ways our survivors can say thank you for all the support you have given, that has never asked for in the first place.

When were looking for a partner we didn't hesitate to call the family at Herb Creek. With a little hesitation after we mentioned 100 baskets, over a dozen strangers volunteering, a ton of dirt and what we imagined would be a simple task, Herb Creek when a step further and open their facility to help find homes and collect donations for our PINK friends.

HERB CREEK LANDSCAPE SUPPLIES

Date: October 7th-9th 2016
Location: Thunderbolt Location

website: www.herbcreek.com.com

Time: All Day - 9am to 5:30pm

Location: Downtown Sandfly and Thunderbolt

If getting your hands dirty is not your thing, come pick up a basket. The entire month and especially the second week-end in October we will be hanging the baskets at the two Herb Creek Nursery location. 100% of everything donated goes to BRA (Breast Cancer Reconstruction Awareness).

We are super excited to partner with Herb Creek. For every tag, #TurnItPink posted on social media a dollar is donated from a private donor. Wear pink in your garden, show us your pink, plant pink, be a supporter, tag a photo with a friend and with a single post we are one dollar closer to the right research.

If you pick up a Basket from Herb Creek, send us a pick from your front porch.

100% of proceeds and donations stay here locally to support, educate and help provide reconstruction services to appropriate patients without financial resources.

PINK PLANTING DAY

Date: September 29, 2016

Time: 8:00am

Location: Thunderbolt Location

If you are looking for a way to contribute, come put your hands in the dirt. We will pot baskets, share stories, have lunch together and meet new people. We have reached out for some volunteers to share their expertise and share their knowledge. If you would like to be contribute but don't have the time, share your idea, the event is very casual and the only requirement is PINK.

As a local non-profit, #TurnItPink will use funds raised to empower women with the ability to make the best decision for themselves by hosting local events and supporting local and national educational initiatives through BRA - Breast Reconstruction Awareness through the Plastic Surgery Foundation. Additionally, #TurnItPink plans to help provide reconstructive services to appropriate patients without financial resources.

TurnItPink.org is brought to you by The Georgia Institute For Plastic Surgery
